CASE STORY

Tailored Solutions for Global Trade: Safe, Efficient, Yours.

For 20 years, PCL has been a trusted partner in the wind energy sector, delivering sophisticated clean energy equipment worldwide. With over 3,500 sets of windmill towers and 8,900 blades safely shipped, we provide expert planning and execution for every voyage. Our track record has made us the preferred carrier, offering effective shipping solutions for our clients' transportation needs.

Equipped with five decades of experience, PCL also has deep technical expertise in the handling of dry and project cargoes ranging from grains, rubber, steel, modular homes and more. As part of the Kuok Group Singapore, PCL also collaborates with its sister company PaxOcean to design ships that meet its evolving operational needs and advance decarbonization goals. PCL taps into PaxOcean's expertise to develop energy-efficient vessels, exemplified by the new-gen multipurpose vessel (MPV). This partnership highlights the importance that PCL places on design innovation in achieving sustainability targets.

An Asian investment holding company with diverse operations, **Kuok Group Singapore (KGSg)** is an established leader in digital infrastructure, maritime and real estate sectors.

KGSg was founded in 1948 and has since grown into a Group with a multi-billion asset base. KGSg shares a common heritage with two other holding companies, namely Kerry Holdings Limited in Hong Kong and Kuok Brothers in Malaysia, in that they were all founded by the Kuok family.

The subsidiaries under KGSg include but are not limited to **Pacific Carriers Limited (PCL), PACC Offshore Services Holdings (POSH), PaxOcean Group, Allgreen Properties** and **K2 Strategic**.

Our Core Values

Our core values of Gratitude, Compassion, Integrity, Effort and Unity are our fundamental beliefs as an organisation. They serve as a compass to guide our behaviour, decisions and actions. Our sustainability strategy is an extension of these values. We are committed to protecting the environment, ensuring the wellbeing of our employees and of society, and managing responsibly and transparently in all areas of our operations. Accordingly, we have in place a sustainability governance structure to guide and aid our businesses in achieving their sustainability goals. This includes setting targets that aim for the Group to:

- Achieve Net Zero by 2050.
- Prevent oil spills so that we minimise environmental damage and protect ecosystems.
- Maintain employee engagement by fostering inclusiveness, enhancing employee welfare, ensuring a range of training opportunities, and maintaining fair and transparent employment practices.
- Ensure the health and well-being of our employees.
- Equip our employees with the knowledge and tools they need to comply with our governance policies.
- Provide volunteer opportunities for all our employees.
